13.00-14.30: **Portable Microscope Camera**
 ▪ By Kund Erik Thomsen, NKS Tech ApS

Based on a Grundfos case it is shown how easy and fast you can create precise, fast and traceable documentation of microscopic details on your personal desk without having to go into the microscope laboratory. This concept saves time in root cause analysis, creation of work instructions, claims handling, communication with your stakeholders etc.

14.30-15.00: **Summing up**

15:00 **A.O.B.**
